

Our Mission:

"The responsibility for consumers, farmers and animals, for sustainable production and for the reduction of spreading of anti-microbial resistances drives the company."

Dr. med. vet. Regine Schreiner
Founder and Managing Director
Member of EFFSACO and BDSF

Feed and Feed Additive Regulatory Affairs,
QM and Product Development
in Europe and USA

Horses, Pigs, Ruminants, Poultry, Pets and
Fish

GET FIRST CLASS SERVICE FOR YOUR FEED ADDITIVE OR FEED MATERIAL

Your feed additive deserves full attention of first class animal nutritionists, feed processing experts as well as regulatory affairs- and product development professionals. For us, feed additives are no second-class veterinary medicinal products, or second-class food additives. On the contrary: FEED AND ADDITIVES GmbH focusses on feed additives and animal feed.

DOSSIERS - COMPILATION AND SUBMISSION

- Feed additive dossiers according to Regulation (EC) No 1831/2003 and Regulation (EC) 429/2008 incl.
 - Dealing with relevant online portals (EFSA and EC)
